

UPDATE ON SITUATION AT WICK

The Enforcement Officer at East Devon District Council has instructed the owners of the farm at Wick to cease all operations regarding the creation of a slurry lagoon with immediate effect. They have been advised that they must submit a new planning application. When this is done, the normal procedures will be followed and it will come before the Parish Council for consideration. The Parish Council is well aware of the inconvenience and disruption that the recent excessive lorry traffic has caused to parishioners and the impact it has had on local businesses and will be able to represent these concerns when submitting their comments.
